Mitsui Mining and Smelting appoints Masayuki Misawa as President and CEO of Oak Mitsui Inc.

Oak Mitsui announces the appointment of Masayuki Misawa as President and CEO. Mr. Misawa joined Mitsui Mining and Smelting in 1982 and has worked in various Manufacturing, Engineering, Quality and Sales Management roles at Mitsui's Copper Foil facilities in Taiwan & Japan. Most recently, he was the Deputy General Manager of Mitsui's Copper Foil Sector Japan Operation where his duties were to oversee all the functions of the Japan Operation.

John Fatcheric, Oak Mitsui's Chief Operating Officer will report to Mr. Misawa and will continue to lead Oak Mitsui's Leadership team in Camden, South Carolina. Mr. Misawa will report to Mr. Hiromichi Nakamura, Mitsui Mining and Smelting's Copper Foil Sector General Manager for U.S. and European Operations.

Hiromichi Nakamura, commented that "We are very pleased to welcome Mr. Misawa in this leadership role of Oak Mitsui Inc. Oak-Mitsui will continue its strategy to develop new products, to grow existing higher quality, high performance products and to integrate into Mitsui's global supply strategy. His strong background in Engineering, Manufacturing and Sales uniquely qualify him for this new challenge.
